Ravalli County Commissioners

Dear Kathleen-

I am writing with regard to the Lost Horse Quarry Proposal. - I am strongly opposed to it.

It appears that the county is considering this prososal as a relatively easy solution to getting gravel. Surely there are other sources for gravel - ones that may not be as easy or inexpensive but that would not impact the quality of life of those who live in the area, the quality of the overall area for those who go there to enjoy its natural beauty, and wildlife.

The future of our valley depends on preserving its natural amenities - we look to the county commissioners to understand that and to take appropriate action to do so. The people who

are voicing opposition to this proposal are right for the right reasons — the county should listen.

Thank you.

Sincerely,
