Subject: Zoning laws response

Ravalli County Planning Department:

To whom it may concern,

I would like to fully oppose the first 6 zoning rugulations of Draft B. These regulations are ridiculous, I dont know how one person has the right to tell another what to do with their own land. I can pretty much bet that the people who are responsible for pushing this have not been in the valley as long as the major landowners. We as land owners have the RIGHT to decide for OURSELVES what to do with our own properties, and it is nobody elses business what we do. I see these zoning laws as a form of control, and the last time I looked we lived in a democracy not a dictatorship. I strongly urge that you reconsider pushing these regulations. If you continue, then we reserve the right to VOTE against it and get it out of there ourselves just like a democracy should be run. I may also remind you that these rugulations will ruin people who have worked hard for 40+ years for what they have, and for a lot of them, this is the only retirement that they have. Please dont take that away from them with ridiculous regulations like these. Ask yourself the question what if it was me? Please be fair and understanding.
