Ravalli County Commissioners

Ravalli County Commissioners, Alan Thompson, Gregory Chilcott, Jim Rokosch, Kathleen Driscoll, and Charlotte Grandstaff,

After ready "Draft B" of the proposed zoning you are planning for Ravalli County, I have to say I am opposed to all of it. Especially when the residents do not get to vote on it!

Among many things, you are:

1. Taking away our individual rights as American citizens.
2. You are saying we do not own the land we have bought and paid for.
3. You are taking land without proper compensation.
4. You are violating Mt. state law that state the Co. Commissioners and the Planning Deport are to draft the zoning - not an outside company
5. You are proposing unlawful search & seizure for private property & occupants!
