Dear Mr. & Mrs. Dannels,

On June 4, 2008 Ravalli County granted you an Emergency Floodplain Permit to stabilize approximately 100 lineal feet of bank with approximately 40 cubic yards of large rip-rap to prevent the Bitterroot River from avulsing into the swale on your property. It is our understanding that the rip-rap was placed on your property soon thereafter. While we have received payment for your permit application fee, we have yet to receive your Floodplain Permit Application for the work completed or any additional work proposed on your project.

We received your written request to refund your permit application fee on June 20, 2008. However, the fees cannot be refunded until you produce documentation verifying your belief that Ravalli County is obligated to maintain the levee on your property.

Please complete the enclosed Floodplain Permit Application at your earliest convenience so that we may proceed with the floodplain permit review process.

If you have any questions, please feel free to contact our office at (406) 375-6530.

Respectfully,

Laura Hendrix
