The records of the Ravalli County Clerk and Recorders Office indicate that you are the owner(s) of property located near or adjacent to a planned highway project. The Montana Department of Transportation is now constructing the project, which features a four lane highway starting just north of Hamilton on Highway 93. A complete set of plans are available at the Montana Department of Transportation and Ravalli County Clerk and Recorders office.

Your property **will not** be affected by this project. This is merely a courtesy letter to inform you of the Department's plans, as you are a neighboring landowner. If you have any questions, please do not hesitate to contact me @ (406) 523-2687.

Sincerely,

Linda Martin
